Introduction to an Academic Library

Student Learning Outcomes:

- Differentiate between a high school, public, and college library
- Introduce the resources available to students through the UCBA Library

In Class Activity:
In small groups (or as class), students reflect on past experiences using high school and/or public library and discuss new experiences and/or expectations for using a college library. Library Experiences & Expectations worksheet template can be used to facilitate small group work and/or class discussions.

Homework:

- Watch Library Website Overview Tutorial and complete quiz
- Reflect on differences between college library (UCBA) and public library (Public Library of Cincinnati & Hamilton County) using their websites
